

Greetings,

Thank you for judging a N4C photo contest this month.

The N4C Form for reporting N4C Contest results has been revised.

Judging instructions are emailed by Ken Johnson (web@n4c.us) each month to the clubs that are judging. That email should include the form needed to report contest results.

Digital Contests – Instructions to download the full set of judging software applications.

Print Contests – An up to date spreadsheet to use for reporting if the judging software is not used.

This is a picture of the latest simplified Judges' Report spreadsheet (updated every month):

Using the correct forms will minimize reporting errors. Accurate records depend on the use of N4C member numbers for contest entries. These numbers will credit clubs and members for awards and eligibility to enter the Annual Best of N4C competition.

These forms are routinely updated with the newest N4C Club members. That data is proprietary and not available to the general public.
