President Minute Message:

Recently, a fellow club photographer invited my husband and me to photograph at a nearby wildlife management area. It was a great reminder of the value of sharing information within our club—whether it's a new location to explore or a technique worth trying. We learn and improve when we teach one another, and that spirit of sharing is what makes a photography club special. I encourage everyone to share their knowledge in person, on social media, or through our newsletter.

I didn't come away with photos from this outing—grandma duties called, and my 2-year-old preferred to stay in the car and enjoy snacks. So, here's my "car photo" of two club members photographing short-eared owls at sunset.

Welcome to the 2026 N4C Convention "Capture the Spirit of the West" Oct. 8-11, 2026, Medora, North Dakota

Get ready for an unforgettable photography adventure in the heart of the West! Join us at the Rough Rider Rendezvous—the 2026 North Central Camera Club Association (N4C) Camera Club Convention—where scenic grandeur meets photographic inspiration.

Photos by Tim Zeltinger

Looking for Volunteers who would like to help at the convention:

We need people to help coordinate the field trips. We are looking for a couple of people to help with the native dancers and the Ukrainian dancers besides the Cowboys & Bar X. They would make sure people come and go on time so that everyone could photograph on the different shifts.

Any volunteers would be appreciated to help out registration, set up and teardown too.

Please send Tim Zeltinger, minotccn4c@gmail.com an email with any questions and if you would like to volunteer send Deb Bates an email flow-erslave@hotmail.com or edit@n4c.us so she can add you to the volunteer list.

Two volunteers I have now are Gordon Court at the Bar X and Paul Hagen, with the hill country.

Fargo Moorhead Camera Club

November 20, 2025 ·

Tonight, will be our first Outing of the year disguised as a Educational night. The topic Cold Weather Photography. So instead of sitting in a nice warm building thinking of ways to take photos in the cold, tonight meet up with us at 7pm outside on the north side of the First Presbyterian Church in downtown Fargo as we have a short discussion about outdoor nighttime techniques and staying warm, then join us on a photo walk through downtown Fargo.

Paul Hagen owner of paulhagencreative and longtime member of FM Camera club will be your host.

Paul will have some light painting toys along with if anyone wants to experiment. Including the “Pixel Stick”. (No longer available for purchase, purchase anywhere but do a google search for one and be amazed)

Items to bring:

Hat, gloves, jacket, something to take photos with. Tripod if you have a Digital Camera and a Remote trigger if you own one.

Also recommend boots, hand warmers, fingerless mittens and a pair of liners with capacitive touch. (Able to control phone/camera with gloves on) you'll thank me later.

Wear Layers to stay warm. Keep your car cool so your camera gear is cool to keep your lens from gathering moisture.

When we are done, we will conclude Atomic Coffee for a hot drink and wrap up discussion for anyone interested.

This is all about going out and having a fun time, so zero pressure to make your best photo, it's about having fun, meeting people and making new friends and learning something new.

There will be a scavenger hunt for items or themes to locate and photograph. I will create a category and contest after the fact, and a prize will be awarded.

With this job, you get to meet a lot of people.

Hope you don't mind Ty Smith, Mitchell CC but I would like to recognize you for being a unique photographer. Ty is one of those old fashion photographers that still uses the dark room. Yes the dark room. He does not own a computer. All of his images are created by his own hands. In this day and age, he is our own Ansel Adams. He develops and prints his images.

When I worked in a photo lab, I loved when I developed and printed film images. Even those who brought me old negatives. It always made you feel like you really have a creative streak.

My hat is off to you Ty for a super job taking, developing, and using the old way of being creative. Take time when you see some of Ty's work come through the contests.

N4C board has had one of the directors resign. They are looking for someone who would be interested in joining the board. If interested please contact President Jennifer. Information is in the hand book.

FOR DIGITAL ENTRIES, they must be received by 5:00 pm January 15, however make every effort to send them by the 13th to allow time for confirmation.

- Judging may begin on the 16th - make sure you receive confirmation that entries were received.

The cutoff time will be 5:00 p.m. on the 15th, giving the judging chair time to organize the entries for judging starting on the 16th. The point is, don't wait until the last minute. There have been problems with occasionally missing entries when they were not received until late in the night on the 15th.

The 2025-2026 rules are on the N4C web at <http://n4c.us/competition.htm> by clicking the blue "N4C Contest Rules" button. A copy of the rules is attached.

The N4C Directory is available by email from Carl Hardy and his email is torchenterprises72@gmail.com The Handbook contains the contest rules and other general N4C Info. The Directory contains the list of judging clubs for all the contests along with contact info for all the affiliated clubs. The Handbook is available for download from the web <http://n4c.us/Supplies-Forms.htm> page.

There are six Digital Image Contests each month - (see the definitions of each category in the Rules):

Altered Reality (DA)	Black & White (DB)
Journalism (DJ)	Nature (DN)
Pictorial (DP)	Travel (DT)

Maximum of 8 entries per club per contest, not more than one from a member in each contest

Do not enter versions of the same image in multiple contests. For example, do not enter both a color and B&W version in the same month. Likewise, don't enter both Digital & print versions. If both win, one will be withdrawn. The rule is: "Any entry which receives a 1st, 2nd, 3rd, or HM award in a monthly competition may not be re-entered in the same year or later years, in the same or any other category, regardless of variations or changes made."

Please check your entries before sending them on for judging. Look for three things:

1. **File size 750KB max.** (A requirement this year)
2. **Longest side 1,920 pixels max.**
3. File name should look like this example: 01,DE028,DP,Beautiful Sunset.jpg

Content of the Email Message when you send the entries:

- a. **Subject Line of the Email should say "N4C Contest Entries from _(your)_ Camera Club".**
- b. **Specify which monthly contest and how many images are attached to the Email.**
- c. **List the Member Numbers and corresponding member names to ensure that the Judging Club has that information.**
- d. **Give the Club Name and your full name.**
- e. **Attach the image files**

ASK THE JUDGING CLUB IF YOU DO NOT GET A RECEIVED CONFIRMATION BACK FROM THEM

Please send me updated member lists when you have added Member Numbers. I'm glad to see new members participating in N4C contests. Naturally, I need to register them so they are properly identified for the judging clubs. For new members, that really should be done a month before entering.

If you have any trouble reaching these judging clubs, let Ken Johnson know as soon as possible.

PRINT REMINDER:

Prints **MUST** show the title, category of the print, Member Number, the maker's name, and camera club on the back of the mount in the upper left corner. Example below

Caddo Lake, Karnack, Tx, USA, TRAVEL
SP001, Debbie Bates, Southwest Iowa Shutterbugs CC

Reason for the upper left hand corner is how it will be displayed
